In Charity Of Faith "A Kshatriya King"

And thus sayeth this *Firstborn, Kshatriya*; "Behold before coming to full knowledge of truth as I do in this order, for a wise purpose; according to the Spirit of the Lord which worketh in me. Lord knoweth those *things which are to come*, wherefore; the Spirit of the Lord worketh, in me according to His will. This is my glory to bring to pass immortality and eternal life of a man."

It is in redemption of the Spirit and earth we fulfill Truth and the promises of God who sits in the bosom of eternity.

Prayer for Firstborn Kshatriya

Heaven is his throne and earth his footstool.

As Lord said blessed are the gentle: they shall have the earth as inheritance.

Blessed are those who mourn: they shall be comforted.

Blessed are those who hunger and thirst for uprightness: they shall have their fill.

Blessed are the merciful: they shall have mercy shown them.

Blessed are the pure in heart: they shall see God.

Blessed are the peace makers: they shall be recognized as children of God.

Blessed are those who are persecuted in the cause of uprightness: the kingdom of Heaven is theirs.

Direct experience of "Real Knowledge of Faith is the Royal and Secret Path" in life. It is the unexcelled purifier, the attainment of "Majestic Divinity." The knowledge of sciences unified in one Reality, the one that is temporal and

another which is eternal. All kingdoms are governed by the laws of eternity also called as the "Celestial Knowledge."

Redemption in True Nature a Kshatriya King, a noble warrior, overcoming Faith requires atoning power of his Savior, truth, knowledge and wisdom. "Ye shall not fear your own righteousness for there is nothing more truthful for a warrior than a righteous battle."

Fulfillment of ones purpose of life is to overcome Faith. It encompasses all dimensions of life, within and outside, in action and in inaction. "If ye compare Faith on to purpose; a grain of mustard seed; and if ye compare the seed unto word and word unto good seed; sown in the being; the being present in the soul, which cometh of truth; in the redeeming powers of the atoning sacrifice of his Savior.

Written in Hinduism as Laws of Manu, Knowledge of Vedas: Unlike scholars and Brahmin priests who are bound in self righteousness, and are directed towards mundane and temporal gains, through the attainment of Brahmin, or heavenly fruits, which is his first sacrament; it is the first principle of a True Kshatriya, to realize his traits in consumption of the Brahmin in a sacrifice. Born out of charity, pure love for our Savior is the greatest of all virtues. The cause of social evil in our society is an effect of self righteous teachings of the Brahman. "With men it is impossible, but not with God: for with God all things are possible." Redemption in this sacrament, delivers us from the promises of our Savior the Brahmin or His Truth and consumption of His Truth, in the form of a sacrament, flows back into the soul, and a "new Kshatriya is born."

True Knowledge of Faith requires pure truth of Faith. Faith needs courage, wisdom and obedience. To overcome Faith we must sow the seed of inner Truth. Faith is virtuous which relies on other virtues and is aroused from an attack on moral convictions. The purpose of founding Faith in fellowship is to find equilibrium, to do good and cast out the devil which manifests in human beings. Redemption delivers all forms of energies to concentrate on the Self. It is through redemption of the sacrament, we are removed from selfish intentions and our willingness to create in His purpose unfolds events in our favor. This is the seed of truth, the invisible God, our Father in Heaven, which fulfills His promise.

"For a *Vaishya* of a trader caste, it is difficult to avoid doing wrong and for a trader not to sin; many have sinned for the sake of profit, one who hopes to be rich must turn a blind eye.

A peg will stick in the joint between two stones, and sin will wedge itself between selling and buying. Whoever does not firmly hold to the fear of the Lord, his house will soon be overthrown."

An Ultimate Reality manifest in Ether, "Behold, I am he who was prepared from the foundation of the world to redeem my people. Behold I am Jesus Christ. I am the Father and the Son. In me shall all mankind have life and that eternally, even they who shall believe on my name; and they shall become my sons and my daughters."

He is the only Deity, who hath Faith in man, manifested in the Spirit of Being, who was also begotten and born of our heavenly parents. Let us pray so we may uphold His agency, the time in being, in the world to come. Therefore O' Lord save thy children, who come on to thee, from oppression and inequity of

the wicked. For this is the way of a Kshatriya, to redeem in the Father, the Son and the Holy Ghost, in the Spirit of the Lord the almighty in the paths of a righteous and truthful being."

"Because of the voice of the enemy, because of the oppression of the wicked; for they cast inequity upon me, and in wrath they hate me."

In precedence of the commonwealth and its history the growth of our civilization and institutions is being severely hindered because of gaps in knowledge, mind and intellect. When inequities marginalize participation in social and cross cultural domains, morality, moral equality and human dignity become context dependent, that then depend on the relative treatment of social goods in a particular society. And I come unto you not with an Excellency of speech but to deliver upon a righteous judgment, for all men must be judged according to their Works, mortality raised to immortality, corruption to incorruption, bringing endless joy to inherit the Heavenly Kingdom or endless misery to inherit the Kingdom Of Devil.

"But seek ye first the kingdom of God and his righteousness and all these things shall be added on to you."

Because of the confusion in the social and economic structures, conflicting forces of evil, sinful actions born outside of Faith; power, anger, ego, inequity, greed, lust and desire take over. Such conditioning hardened by sin and deceitfulness leads to unrighteous acts which are motivated by Self interest and against moral law. Self interest is governed by various faculties of the mind. Thence causing social fragmentation, multiplicity of divisions and hierarchies leading to lack of inner strength, values, truthfulness and virtues – Lower Nature Of A Kingdom.

“And if a Kingdom be divided against itself that kingdom cannot stand.”

Reality born out of such actions is local and very deep. Its impact is not sudden. In a battle between Righteousness and Mind Reality Shifts and nature takes its course. Though our minds may have been darkened in the past because of unbelief and because we may have taken lightly the things we have received all failures in history have been moral failures; failure to receive and evolve in absolute truth and beyond material things. In order to remain in a necessary state of equilibrium and in accordance with the Will of the Father atonement was made to redeem in the immortal being. In a state of I-ness; this is One as the Universe to re-establish the laws in the form of creation, sustenance and extinction of life.

“At that day ye shall know that I am in my Father, and ye in me, and I in you.”

It is only when one mounts steps of repentance, in a state of detachment, tranquility and Oneness, Self is purified and joy of Faith is redeemed, a liberated force in the spirit of Being and In Communion with God The Father, governed by the principles of Righteousness and Truth gifted by The power of The Holy Ghost and His Grace, Spirit of Christ is born – Supreme Nature Of Kingdom.

“And Truth is the Knowledge of things as they are and as they were and as they are to come.”

Future is not about making choice between freedom and suffocating community, but a society based on reciprocal respect and solidarity and a society that leaves many people behind. Future must be understood and actions abhorred with clear mind, pure conscience and in absolute truth.

Complexities of the future are far deeper than human cry for salvation. Disintegration of provinces, states and unions or various social and political structures will further in recoil of evil as the Law of Causation embraces its impact. It is in this ignorance of human sacrifice, in which the Spirit which occupies space often perceives that there is something lacking in life or a society, something that is neither achieving a goal nor fulfilling a desire can satisfy.

"Where there is no vision people perish but he that kept the law happy is he."

Reality is by definition unchanging and unmoving, the world which is in a constant state of flux, is therefore an illusion. This illusionary nature of temporal reality is a process of the Self and is reflected in modern sciences, in search for the Ultimate, indivisible particle of matter. In each individual's life or society the restless search for love and peace, compassion and success, for change, for happiness, for knowledge are all a witness to the underlying need towards a higher evolution leading to awareness of a reality, discovery and new creation of that we can sense but cannot reach.

"But ye shall trust that we are not reprobates."

Ultimately because Self is not understood in totality, it is our ignorance, our own inability to discriminate between the real and unreal that prevents us from realizing our true nature. An economic Faith sanction in which Self unifies in righteousness and in obedience thereof in accordance to the commandments of the everlasting God the Lord almighty made known to all the nations of the world. Amen !
