WASHINGTON

February 25, 2009

The Talwar Family  
Washington, NJ

Dear The Talwar:

Thank you for your kind message of support.

President Obama and I understand that our country faces many challenges and the road ahead will be one of the most difficult in recent history, but these great challenges bring about new opportunities for all of us.

This is an extraordinary moment-- we have an economy to improve, a workforce to rebuild, a national image to restore, a nation to defend, an environment to protect, and a future to secure for our children. The President and I recognize the enormity of these tasks, but we remain confident that together we will get our nation back on track.

President Obama and I will work tirelessly to address the issues of our time, but we all must become more accountable in shaping our future. I encourage you to remain active in your government, because America needs your courage, perseverance, and dedication at a time of crucial importance.

Please know it is letters like yours that continually renew my confidence about what we, as Americans, can achieve together. I truly appreciate your good wishes.

Sincerely,

Dear Ms. Ambassador Nonoo,

Referencing this visit with your embassy and diplomatic charter, January 29<sup>th</sup> 2010, we are faced with global economic challenges, with Future of the Commonwealth 2007 – Higher affirmation in truth.

Because of pain bearing obstructions, post 9/11 and the two gulf wars, this reality is pre-conceived in nature, "In all truth I tell you before Abraham was I am."

- ❖ The word "I am" is all pervasive truth and its principle existed before creation of this universe and will continue to function as a guiding process.
- ❖ Remission of past, present and future deeds, my third exaltation, "In whom he wills he exalts and he who exalts is called upon to serve as one nation" – Future of the Commonwealth 2007 must become a reality.
- ❖ "Receptacle works" the sum total of all samskaras, which is the living truth, has its roots in the above pain are visible experiences, upon my last visit, in the present life; Reality which we both can not deny and must accept.
- ❖ Samskaras are the Causes which will bring Effects; therefore 9/11 must have been pre-conceived as an effect in nature – Law of causation.
- ❖ Net effect of the living conditions, war in Afghanistan, pain bearing obstacles therefore we will never gain freedom from the cycle of birth and death.

Redeeming in this investment; ultimate Hope, with the Queen's Commonwealth day 2007 message, I look forward to defending - Future of the Commonwealth 2007.

Yours Sincerely,

The most miserable form of Death Just Happens!

It is upon a principle, Law in Mortality, "Greed" "Ignorance" "Arrogance" "Ego" and "Irresponsible Actions" have become pain bearing obstacles for others.

The "*receptacle of works*" with its roots in the above *pain bearing obstructions* and its experiences are visible, in our History and as in Present state of existence.

It took 15 years in fulfillment; celestial creation, 84 dimensions in Raja Yoga performances to redeliver global financial equilibrium post 9/11 (2008-2010).

It is to this accord and as exalted beings in 3<sup>rd</sup> exaltation and celestial gifts; I have attached this letter for Adjudication in a Higher Authority.

Dear Mr. Prime Minister,

Further to my letter and correspondence while you were in office, I have been a keen advocate, and in continued support, renewed spirit, in trust and confidence with a purpose in establishing global financial and banking equilibrium.

I have maintained longstanding and credible relationships with the Queen, and the Duke of Edinburgh, in obedience to our knowledge, history and sacrifices, with the Commonwealth economies. With the assistance in release of 15 British MI agents in Iran to assisting the G 20 with King Abdullah of Saudi Arabia, as a Premier client services with Future of the Commonwealth 2007, we are painfully aware of the consequences post 9/11 and the two gulf wars an era in which American Capitalism and the United Kingdom has come under the scrutiny of world governance bodies

Redeeming in this calling with the Office of the Vice President of the United States of America, and your message to the United States Congress on March 4<sup>th</sup>, 2009, G 20 meeting in London on April 2<sup>nd</sup>, 2009, are receivables, and dividends, against deposit of hard earned assets with the bail out of IMF, World Bank, Royal bank of Scotland, Bank of England, Citigroup, AIG, Bank of America, Merrill Lynch, Lehman Brothers, Bear Sterns and the United States of America Treasury.

Founded in Law and self regulation in rights, governance and standards, in which such sanctions have been realized are principles upon which such discipline and discipleship are initiated, with His Imperial Majesty the Emperor Akihito of Japan.

I shall be further gratified, as the founding of a multi-lateral free market enterprise system, establishing an "Economic Character" and your services to mitigate high political risk, faith retribution and in overcoming issues of global distrust.

Dear Dr. Prime Minister:

Referencing Works dated October 14<sup>th</sup>, 2008, redeemed in a *personal sacrifice* and Raja Yoga discipline of Aryan and Vedic tradition, with Her Majesty the Queen Elizabeth II – Future of the Commonwealth 2007, g 20 in Washington D.C. December of 2008, Prime Minister Gordon Brown on April 2<sup>nd</sup>, 2009 in London and September 2009 in Pittsburgh are *moral and ethical sanctions* with the office of the Vice President of the United States of America.

- Redeemed under *paradoxical set of tensions*, \$1.2 trillion performance with \$10.8 trillion *cost of capital structure and a sacrifice*, global financial equilibrium, IMF and World Bank bailout at a time necessary to deliver Positive Shift (\$5 trillion gap) cannot be overlooked in establishing economic standards and precepts: i) measurement in principle and ii) fulfillment in law – *Dharma*.
- Overcoming issues of distrust *in a sacrifice* (\$54 trillion) in a *Gayatri Yajna* is an investment with His Imperial Majesty the Emperor Akihito of Japan; in *my third exaltation* and *global economic order*, to redeliver global economic trust: reliability and efficacy.

Dear Mr. President,

Kindly allow me to share this brief introduction, redeeming in Faith Principles and Practices (Trust). Represented with the Office of The Vice President of The United States of America, strength in character, courage, and perseverance, *first resurrection* are folly's paradox with The White House, where *Communism* has come under attack, with grosser implications of Democratization - Law of Cause and Effect, first Law in Karma Yoga.

Having *Self realized* in "Works" Post Mortal Redemption, His Majesty the Emperor, Her Majesty the Queen Elizabeth II and Prince Philip Duke of Edinburgh, Future of the Commonwealth 2007 and its Realization in 10 Celestial Kingdoms Balancing Powers in Raja Yoga sciences, Path to the Royal Road (Majestic Divinity and Eternal Gifts).

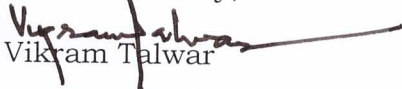

- ❖ Its measurement in principle (2008-2010) was \$10.8 trillion and it's Fulfillment in Law - Dharma.
- ❖ It is during this period in time *American Capitalism and United Kingdom* came under the scrutiny of World Governance Bodies. Establishing economic character, sound monetary system, we are alienated in a royal tradition, moral good and *in assisting others* "crossing ocean of life."
- ❖ Re-incarnation and serving in higher dimensions, Life must transcend Past, Present and Future - Manifestation of Inner Reality in the Outside world.

Having realized its profitability with G 20 and its reinvestments with The White House, I am requesting a visit in an Adjudication Process and Defense Forces.

I have accomplished Cosmic Will, Personal Sacrifice(s), in creating Synergies (Grace and Effort), Integrity, Dignity, Discipline and Hard Work.

Thank you for this gratitude and in seeking remandment, to uplift poverty and in establishing social economic equilibrium.

Dear Jenna and Barbara,

Because much this fulfillment has come of its own free will, and in accordance to the laws governing synergy: grace and effort, super conscious state of existence, going beyond reason, and hence explains this inspiration both in metaphysical and transcendental values

In the practice of Raja Yoga, and its performances with the G 20 – Future of the Commonwealth 2007, fulfills a promise in Hope, with the Queen’s Commonwealth day 2007 message.

Its experiences post 9/11 and in the present state of existence are visible, with pain bearing obstacles and renewed performances, \$54 trillion cost in sacrifice, i) measurement in principle and ii) fulfillment in law – Dharma.

Fulfillment of this retribution, post 9/11 and the two gulf wars, are behaviors of folly’s paradox which threatens, the European Union, and middle-east economies.

Assisting others in this obedience to knowledge, history and sacrifices, the sum total of Samskaras; finer roots are pain bearing obstacles, which is the living truth. In order to reach this super conscious state and in harmonizing deficit, mind must remain fixed on a certain internal and external object – Dhayana.

Accepting the internal part of this perception in super conscious state is called Samadhi. Attaining the goal of Yoga in this obedience, Dharna, Dhayana and Samadhi, goes beyond contemplation and physical energy – Samyama.

Redeemed in moral agency, integrity and trust, Baptism in the fire, Yajna is higher affirmation in 53 god heads, I have continued to express sensitivities and emotions to the future of next generation, post independence and two wars – Vairagya.

Realization in truth and eternal spirit goes beyond dualism and its performances in the celestial kingdom are fixed – reality.

Best Regards,

Paradoxical events.

The difference between *Dharma and Adharma* is Justice.

I am serving my parents, in New Delhi, at me necessary to ease their

If such were to become a norm with *discriminating principles and practices*, I

Its effects have already been felt in India, USA, UK and European Union.
